

Arete Clinchers

The CL-26 is a unique and economical way for customers to lock two pieces of same, dissimilar, and painted metals together. With Low Maintenance, a Three Year Warranty, and a lower price point we will have an advantage over our competition. Not to mention the laser light that is included, 26 Inch Throat, low CFM air consumption and a simple Patented design that makes for easy gauge adjustments.

These are a few of the aspects that set us apart from our competition:

- Simple patented design for easy gauge adjustments.
- Standard BTM tooling.
- Laser light included
- Very low maintenance
- Price
- CFM air consumption
- Three year warranty
- 28 to 14 gauge Steel;.020 - .090 Aluminum
